

Perry Hall High School  
Senior Interview Day  
Information for Volunteers  
Interested in Participating

Senior Interview Day is one of the ways we bring real world relevance to education and is always one of our most popular in-school events. Approximately 500 students spend weeks preparing and, by interviewing with the helpful volunteers representing various fields of industry, gain insight into the interview process and the working world. This valuable experience provides them with an opportunity to practice and hone 21<sup>st</sup> century skills.

By participating this year you will be matched up with students interested in your field of expertise or in pursuing a position similar to yours. You may ask the senior interviewees original questions or sample questions we will provide. We will also provide you with feedback forms to record your evaluation of student responses, resumes, and poise. We will use your comments and suggestions to assess student performance and to reflect with students.

If you or someone from your workplace is interested in participating and has some time available on Friday, November 16<sup>th</sup>, please follow this link to fill out the online participation form:
